HAIRCARE TREATMENT

When your hair requires some additional care, our comprehensive treatments can be integrated into your appointments to enhance its health and beauty.

Olaplex & B3

Select from the renowned water-based bond-building technology of Olaplex or the Metal Detox treatment. Both options are designed to repair damaged bonds or eliminate unwanted metallic tones in your hair while safeguarding it from further harm caused by colouring. We strongly recommend including one of these treatments with your colour services as a valuable investment in maintaining your hair's optimal health.

YUKO HAIR STRAIGHTENING

The YUKO hair straightening system penetrates the hair cortex deeply, providing a smooth and sleek finish that is ideal for almost all hair types. You can expect to spend approximately 4-6 hours in our chair. After the YUKO treatment, you can simply "blast and go," enjoying silky, straight hair for 5-8 months. Due to the technical nature of our straightening services, an initial complimentary consultation is required to tailor your service and finalise pricing. A 50% deposit will be needed to confirm your full appointment. Anna's schedule is flexible if booked in advance; otherwise, she is available on Mondays at the Central London Salon, where appointments must be made directly with her.
